

RETURNABLE **FIXLOG** FOIL

**RADICAL REDUCTION OF PACKAGING COSTS AND ENVIRONMENTAL IMPACT?
GET RID OF SINGLE USE STRECH FOILS.**

FIXLOG is a unique, patented solution for stabilizing goods on a pallet - in a reusable/returnable form.

ADVANTAGES OF FIXLOG ONE - RETURNABLE STRETCH FOIL:

- **FASTER** application and removal
No need to transport goods to the packaging machine anymore.
- **LONG LIFE-CYCLE & DURABILITY**
1000+ cycles (inside + outside usage)
- **PROTECTION** of sensitive goods thanks to the maximum opacity of the foil with **STRONGER FIXATION** than the usual stretch foil, because of five side fixation technology.
- **ECONOMIC** – no need to buy stretch foils again and again
mid/long term investment return
- **EKOLOGICKÉ** – radical reduction of environment impact
plus no waste after delivering the goods to final destination
- **FIXLOG TWO** - product that features enhanced thermo-isolation
and is perfect for temperature-limited processes
- **FIXLOG POOL** – return used FixLog foils and get new ones delivered
- **FIXLOG** returnable foils can be **LABELED** as desired (e.g. owner's logo)
- Prima Logistics Group ensures **DELIVERY & RETURN**
as it is done with returnable pallets
- **TEST** period - for you to try out the benefits
